Instructions for Students

One form per department. You may submit as many forms as you want. NOTE: This form should only be used by undergraduates seeking approval for major/minor coursework. For other General Education requirements please complete a separate form.

Step 1: Research the courses you would like to take abroad. This includes finding and printing course descriptions for all classes abroad.

- a) You should bring them with you when you meet your academic advisors.
- b) Note you must list all courses that you would like to take abroad and may list additional ones. Completing this form facilitates you receiving credit from abroad, but does not mean you actually took the course abroad. It is recommended to list more courses than you will actually take that include backup options.

Step 2: Complete the first three columns on the form: course abroad, SF State course, and SF State units.

- a) For all courses, it is important that you type out the entire course title and number. **Please type with your computer to complete this form.**
- b) Your advisor will complete the remaining columns with you.

Step 3: Schedule a time to meet with your academic advisor in the department.

Instructions for Faculty and Advisors

You are instrumental in enabling a student to study abroad. Your signature also confirms that you have reviewed the courses listed for the student listed and advised of department policies toward the work that will be completed on study abroad, which is in accordance with campus regulations for the degree and/or credential. For accuracy, all course titles and numbers must be typed completely as it will then be placed on the student's SF State academic record.

Units or Course Notes (from the form):

SF State cannot issue fewer or additional units for an SF State course even when it is taken abroad for additional or fewer units. Therefore, the "Units or Course Notes" section adjusts for such differences. For example, if a student (with advisor approval) takes a course worth 4 ECTS units (2 SF State units), then another is needed to make up the additional one unit. Then, the "Combine # _ & _" option would be used to show where the missing unit is coming from. If the course is 10 ECTS (5 SF State units), then "Extra Units Course" is marked, then the extra 2 units will be added to the transcript as general study abroad elective units. If another possibility is arranged, then mark "Other" and explain on back.
